

Metro Ministries of Mobile

Casting a life line to the inner city

October 2016

Body of Christ ministering and mentoring together Mobile's inner city

Two of our supporting churches, Pastor Ed Litton, (insert left) Redemption Church, Saraland and Pastor Jerry Jenkins (insert right) Moffett Road Assembly of God, Mobile, have led both their churches in challenging their people to serve at Metro Ministries. Pictured above are some of the 25 mentors who have answered God's call to serve as mentors. African Methodist Episcopal, Assembly of God, Baptist and Presbyterian mentors are sharing the gospel of Jesus Christ one on one with their students as we study the gospel of John. We are thankful for what the Lord is doing in bringing His kingdom to pass in our city.

Words from the director...

Since our transition five years ago to a mentoring model where students complete a worksheet and learn about Who Jesus Christ is

Week after week, there has been a remarkable increase in their attendance, Biblical knowledge, behavior, and being in a structured environment. We begin their class with a meal together prepared by Donna Crabtree. Next we progress through the evening in worship, memorizing a Bible verse, storying the Bible passages they have studied and answering questions the students have answered. Each mentor has time to share the gospel, talk, pray and “parent” their student. This intentional discipleship is one on one with each student. We ask you to prayerfully consider a holiday offering to help us. Your financial support will help meet our 4th quarter budget. Our students will be blessed with a Thanksgiving meal and gifts at their Christmas party.

THANK YOU

Thank you to all supporting churches, individual donors, and businesses who have stood with us so faithfully through the years. May you be blessed in the final months of 2016.

Christmas gifts will be given to students who have consistently attended their mentoring class this fall. If you are interested in helping with a specific gift, call Cheryl on her cell. She will send you the names and needs of those children. We will need these gifts by December 1, 2016.
