

# Metro Ministries of Mobile

Casting a life line to the inner city for over thirty years

May2020

## Mothers Day and Missions

The entire month of May is a celebration for our mothers. Cheryl's mother, Ruth Seidschlag, Monro, Wis (pictured left) has been a praying mother, faithful in supporting missions and is strong in her faith today. She has just sold her home of 35 years and we helped move her into her new location. Memories of her flooded our minds as we've realized her influence on so many. At age 89, she is still active in her church and ministering to people.

**Happy  
Mothers  
Day**

**THANK YOU:** During the covid 19 crises, we want to remember those who have been so faithful during these challenging times. **You, our prayer and finance partners, are those faithful ones.** Our students have been given the option to join zoom weekly meetings and Evan has posted videos on FB that coincide with their weekly lessons. We have completed the winter-spring semester of all lessons. **Our God is faithful!**

One of our many prayers this month is that you pray with us how to reach more students. **Thank you again**

## MISSIONS: the heartbeat of GOD

**"For I was hungry and you gave me something to eat..."**  
Matthew 25:35

Metro Ministries of Mobile, INC. was privileged to partner with a pastor from Pakistan to help provide food and resources for their congregation. You see in Pakistan when the believers need food, and their I.D. card is stamped Christian, they are refused to even buy food. Can you imagine what it would be like here in America if we faced these problems?
